All legal actions based upon any claims or disputes pertaining to or involving this warranty including, but not limited to, Airflow’s denial of any claim or portion thereof under this warranty, must be filed in the courts of general jurisdiction of Palm Beach County, Florida or in the United States District Court for the Southern District of Florida. In the event that Purchaser files such an action in either of the court systems identified above, and a final judgment in Airflow’s favor is rendered by such court, then Purchaser shall indemnify Airflow for all costs, expenses and attorneys’ fees incurred by Airflow in defense of such claims. In the event Purchaser files such legal action in a court other than those specified, and Airflow successfully obtains dismissal of that action or transfer thereof to the above described court systems, the Purchaser shall indemnify Airflow for all costs, expenses and attorneys’ fees incurred by Airflow in obtaining such dismissal or transfer.
